

Snoqualmie Falls Forest Theater Camping Policy: Guidelines and Rules

One of the benefits of being a member is our camping area in the upper meadow. You **must** have a reservation to camp; you can reserve on our website www.foresttheater.org by navigating to the activities tab, click on camping, fill out the camping request form with exact dates, number of campers, and name of each guest at least 48 hours per your desired camping date. If you can't or don't want to camp on your designated date(s), you **must cancel** your reservation at info@foresttheater.org. "No shows" will forfeit the opportunity of camping reservations for the rest of the year.

Camping is not allowed in the lower meadow or outside of the designated campsites. Please follow the Camping Guidelines when camping on our property. Please make sure to "**leave no trace**".

1. Camp in designated camping areas in the upper meadow (no camping in the lower meadow, parking lot, picnic area, between restrooms and kitchen, or in any building). **You will be assigned to a campsite (one per member reservation) when you sign up.** Minor children (18-years and younger) must have the named member (spouse/domestic partner) present during the entire stay.
 - a. Maximum time at a campsite is one week, at which time you will need to vacate the site.
 - b. If you would like to camp for more than one week, you will need to move to a new campsite, if available, as assigned by the camping coordinator (reached through info@foresttheater.org).
 - c. RVs are allowed at the main campsites: no electrical, water, or sewer connections are available.
2. Members are entitled to invite up to 10 guests to camp with them up to three times during the year. Each guest may be invited only once per year and the member must be in attendance during the entire stay of the guest. The guests must share the campsite with the member host.
 - a. Please provide names of your guests when making reservations.
3. Total camping use is restricted to a maximum of 50 individuals per night or a maximum of 20 vehicles, whichever is more restrictive. Events/Camping coordinator keeps track of the number of individuals signed up per day.
4. Fires are only allowed in the designated fire pits with approval from the Caretaker (or Board member if no caretaker is available). **If a burn ban is in effect, no fires are allowed:** violators will be personally liable for all damages and may lose future camping privileges.
 - a. Please **bring your own firewood** (can be purchased in Fall City). **DO NOT** cut down any trees or remove wood from the BBQ shelter area or the Caretakers residence.
 - b. Keep a bucket of water available next to the fire when using the fire pits. Water spigots are located near the BBQ shelter and just outside of the restrooms.
 - c. Make sure that your fire is completely out: doused with water, ashes stirred, then ashes redoused with water. Repeat until fire is DEAD OUT before leaving the site or going to sleep.
5. Use toilet facilities provided (the permanent restrooms year-round and "Honey Buckets" during the summer season) – **DO NOT** use the bushes or the area outside of the tents as your personal latrine.
6. We have bears! Any garbage you generate must be properly disposed of **each day** by wrapping garbage and depositing in the dumpster. **DO NOT** burn garbage, plastics, or other non-combustible refuse in the fire pits. Combustible items such as paper and cardboard may be burned with wood in a designated fire pit (see above).
7. This is a family park, so courtesy to your fellow members/campers is expected. **No loud music, excessive lights, or boisterous behavior are allowed after 11:00 pm.**
